

Summer Topic - Young and Wild and Free

Summer Term - Week 8 Learning

Thank you to all parents and children for all the hard work and dedication to home learning. It's amazing to see so many children completing activities and using Oxford Reading Buddy. I love to see all of your learning, so please keep sharing it with me on email or Twitter. Also, please email me if you need any help and support with anything.

This week's Maths topic – Doubling & Halving

This week's English focus – In the Summer I can see....

Over the next few weeks, we will be learning about different parts of our world through some mini topics. This week's mini topic is Our World – The Land.

PE with Joe – The Body Coach daily @9am - <https://www.youtube.com/channel/UCAxW1XT0iEJo0TYiRfn6rYQ>

Monday 15 th June 2020	<p>Phonics – Read Write Inc online – only need to focus on Set 2 @10am going forwards (If you still want to practise set 1, feel free to keep watching it!) The sessions are now on a loop and will revisit a different sound each day. Write some words and a simple sentence containing the days sound. https://www.youtube.com/channel/UCo7fbLgY2oA_cFClg9GdxtQ NEW: Daily 'Hold a Sentence' & 'Red Words 1' lessons.</p> <p>English – What season are we in now? It is the start of summer! What is summer? What is the weather like in summer? Choose a sunny day and go for a summer nature walk and have a look what you can find that reminds you of summer. Use the template below and tell me what your summer nature walk was like! What can you smell? What can you see? What can you hear? Sound out by yourself and remember to use capital letters to start a sentence, finger spaces and full stops to end a sentence.</p> <p>Maths – Doubling Doubling a number is adding on the same amount again. If I hold 3 fingers up and I want to double it, I have to hold another 3 fingers up! Play a game only using only your fingers. Ask your child to hold up some fingers on one hand ... now double it by holding up the same on the other hand. Repeat using different amounts. Use objects from around your house and place a small pile in front of your child- e.g 4 Lego blocks. Model how we double this amount – add a pile next to it of another 4 blocks. Encourage your child to double the amount by counting the blocks altogether. Explain that this is the same as the sum 4+4. Repeat with a variety of different objects.</p> <p>Each day – Read half a book on Oxford Reading Buddy.</p>
Tuesday 16 th June 2020	<p>Phonics – Read Write Inc online – only need to focus on Set 2 @10am going forwards (If you still want to practise set 1, feel free to keep watching it!) The sessions are now on a loop and will revisit a different sound each day. Write some words and a simple sentence containing the days sound. https://www.youtube.com/channel/UCo7fbLgY2oA_cFClg9GdxtQ NEW: Daily 'Hold a Sentence' & 'Red Words 1' lessons.</p>

Maths – Doubling

Recap what doubling is and practise by doubling numbers on your fingers.

Use a piece of paper or a whiteboard, draw a line down the middle to split the page in half.

Draw a number of dots on one side of the piece of paper. Give the pen to your child, and ask them to double it! Your child should draw the same amount of dots on the other side! How many dots do you need to draw on the other side? What is the answer? Can you write the sum underneath?

Repeat multiple times. Instead of using dots, you could draw hearts, flowers, swirls, shapes – anything you like!

There is a halving and doubling PowerPoint on the website page. Use objects to support you find the answers. There are also doubling sheets below to work through.

Understanding the World – Last week you looked at pictures of our planet Earth and learnt where you live in our world. This week, we are going to look at parts of the world on the globe that are green – the land! Our world is amazing – there are so many places to explore! Have you ever been on a plane? On a train? On a boat? Where did you go? Did it take a long time to get there? What was it like? Was it different to being at home?

Draw/paint/make a picture of somewhere you have been in the world. Write a sentence underneath to tell me where you have been!

Each day – Read half a book on Oxford Reading Buddy.

Wednesday
17th June
2020

Phonics – Read Write Inc online – **only need to focus on Set 2 @10am** going forwards (If you still want to practise set 1, feel free to keep watching it!) The sessions are now on a loop and will revisit a different sound each day. Write some words and a simple sentence containing the days sound. https://www.youtube.com/channel/UCo7fbLgY2oA_cFCIq9GdxtQ

NEW: Daily 'Hold a Sentence' & 'Red Words 1' lessons.

English – Imagine you are going to have a nice summery picnic in your garden with your family! Use the template of the picnic basket below and tell me all the yummy food that you would like to find in your picnic basket! Sound out by yourself and remember to use capital letters to start a sentence, finger spaces and full stops to end a sentence.

Maths – Halving

Today we are learning about halving! Halving is the opposite of doubling. Half means into 2 **EQUAL** pieces. We cut something right down the middle. Both parts have to be exactly the same. You could explore this concept by cutting items in half (fruit, paper, pizza etc.)

It is important that we remember to say "one for you, one for me" when we are halving – this way, it makes sure that we are halving fairly!

On our home learning page there is a halving PowerPoint. Put this on 'slideshow' mode and work through the scenarios.

	<p>Use objects from around your home to practise halving. Maybe use a bag of sweets, a packet of biscuits or a box of Lego. Can you share them between you and somebody else in your family so that you have half each? Remember to say "one for you, one for me" until they are all gone!</p> <p>Expressive Arts & Design – Build, make, draw, create the world! Think about what is on the land – houses, school, animals, shops, cars, buses, bridges, roads etc. You could use Lego, building blocks, small world, papier mache, colours, paints, playdough- make our world!</p> <p>Each day – Read half a book on Oxford Reading Buddy.</p>
<p>Thursday 18th June 2020</p>	<p>Phonics – Read Write Inc online – only need to focus on Set 2 @10am going forwards (If you still want to practise set 1, feel free to keep watching it!) The sessions are now on a loop and will revisit a different sound each day. Write some words and a simple sentence containing the days sound. https://www.youtube.com/channel/UCo7fbLgY2oA_cFCIq9GdxtQ NEW: Daily 'Hold a Sentence' & 'Red Words 1' lessons.</p> <p>Maths – Halving What is halving? Give your child some scenarios – e.g "if I had 4 biscuits and I gave 1 to you and 3 were for me, is that fair? Why not? What is fair?" See if you child can use the "one for you, one for me" technique to share equally. Repeat this multiple times with different objects and amounts. There are a couple of halving sheets below to work through!</p> <p>Purple Mash – Log on to Purple Mash and complete the 2Do – 'window'. Look out your window – what can you see? Can you see a road? A field? Some cars? People walking? Is it sunny/rainy? Are there any plants or flowers? Draw me what you can see! Simple City has also been set as a 2Do – Explore different aspects of the world!</p> <p>Each day – Read half a book on Oxford Reading Buddy.</p>

Friday 19th
June 2020

Phonics – Read Write Inc online – **only need to focus on Set 2** @10am going forwards (If you still want to practise set 1, feel free to keep watching it!) The sessions are now on a loop and will revisit a different sound each day. Write some words and a simple sentence containing the days sound. https://www.youtube.com/channel/UCo7fbLgY2oA_cFCI9GdxtQ

NEW: Daily 'Hold a Sentence' & 'Red Words 1' lessons.

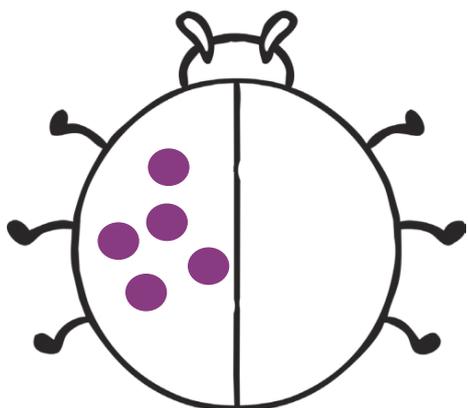

Maths – Doubling & Halving

Can you remember what doubling is? Can you remember what halving is? Continue to use scenarios at home to practise the skills of doubling and halving.

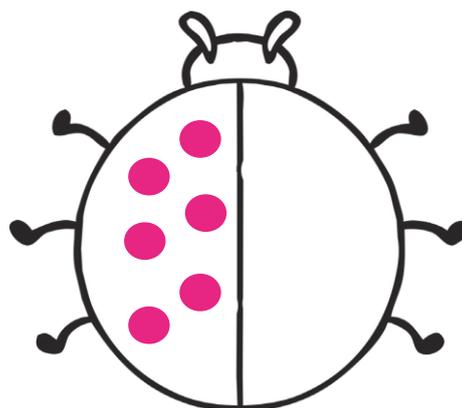

There is a doubling and halving board game below. Have practical objects at home to support whilst playing the board game.

RE – To finish our RE topic about Friends, use the template below or create your own. Talk about, draw or write ways that you can be a good friend to others.

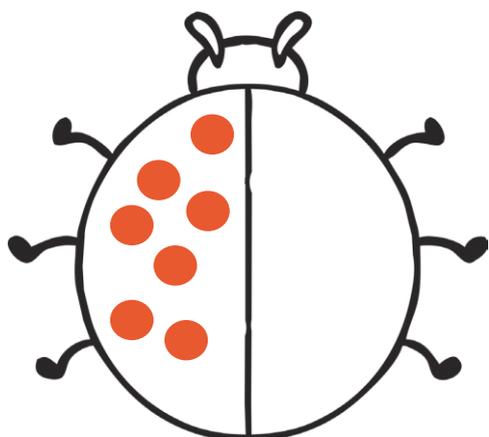

Ladybird Doubles

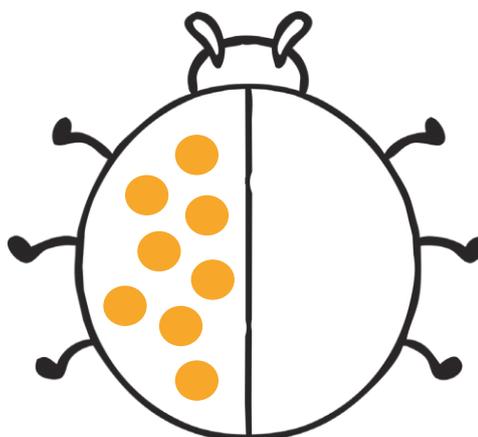

Double 5 is

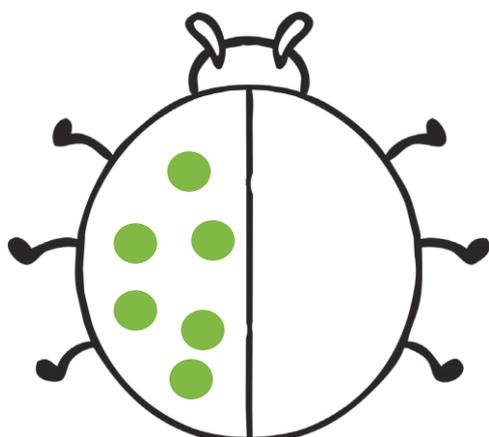

Half of 6 is

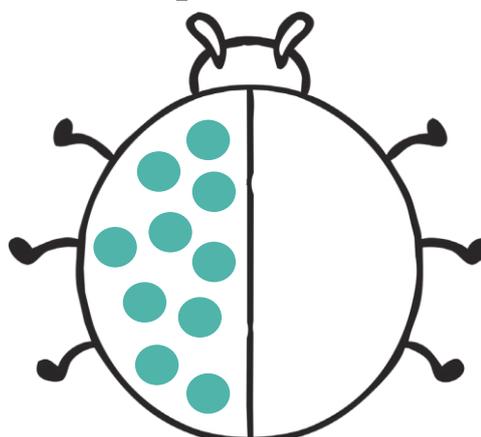

Double 7 is

Half of 8 is

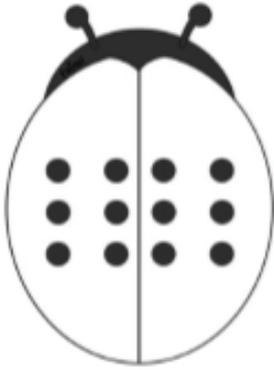

Double 6 is

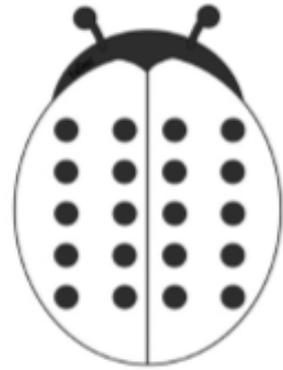

Half of 10 is

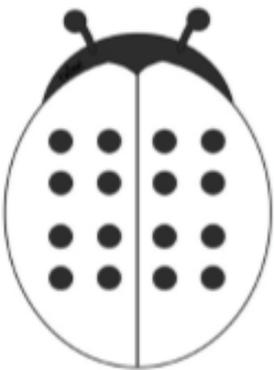

Ladybird Doubles

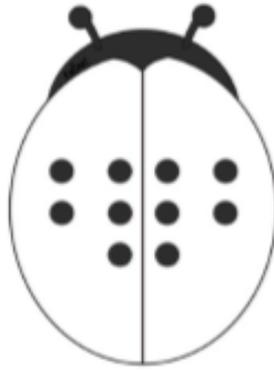

Write the number sentence for each ladybird double.

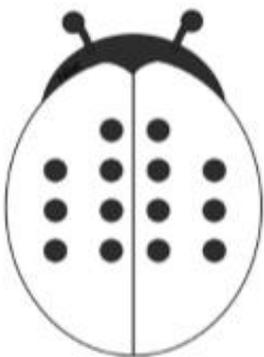

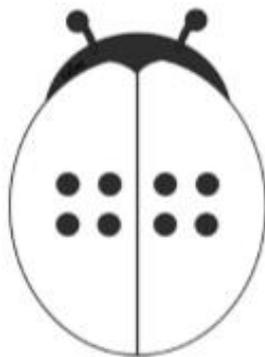

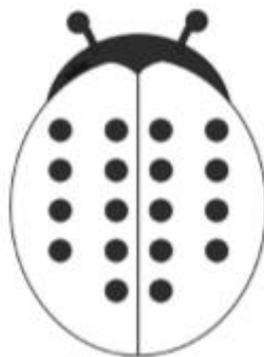

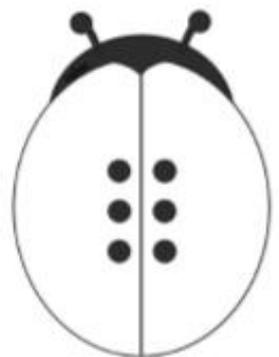

Doubling and Halving

2

Double 2 is _____

Half of 2 is _____

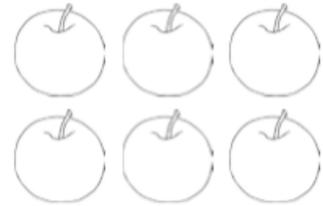

4

Double 4 is _____

Half of 4 is _____

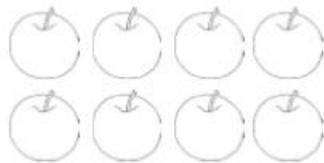

6

Double 6 is _____

Half of 6 is _____

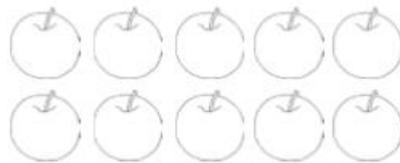

8

Double 8 is _____

Half of 8 is _____

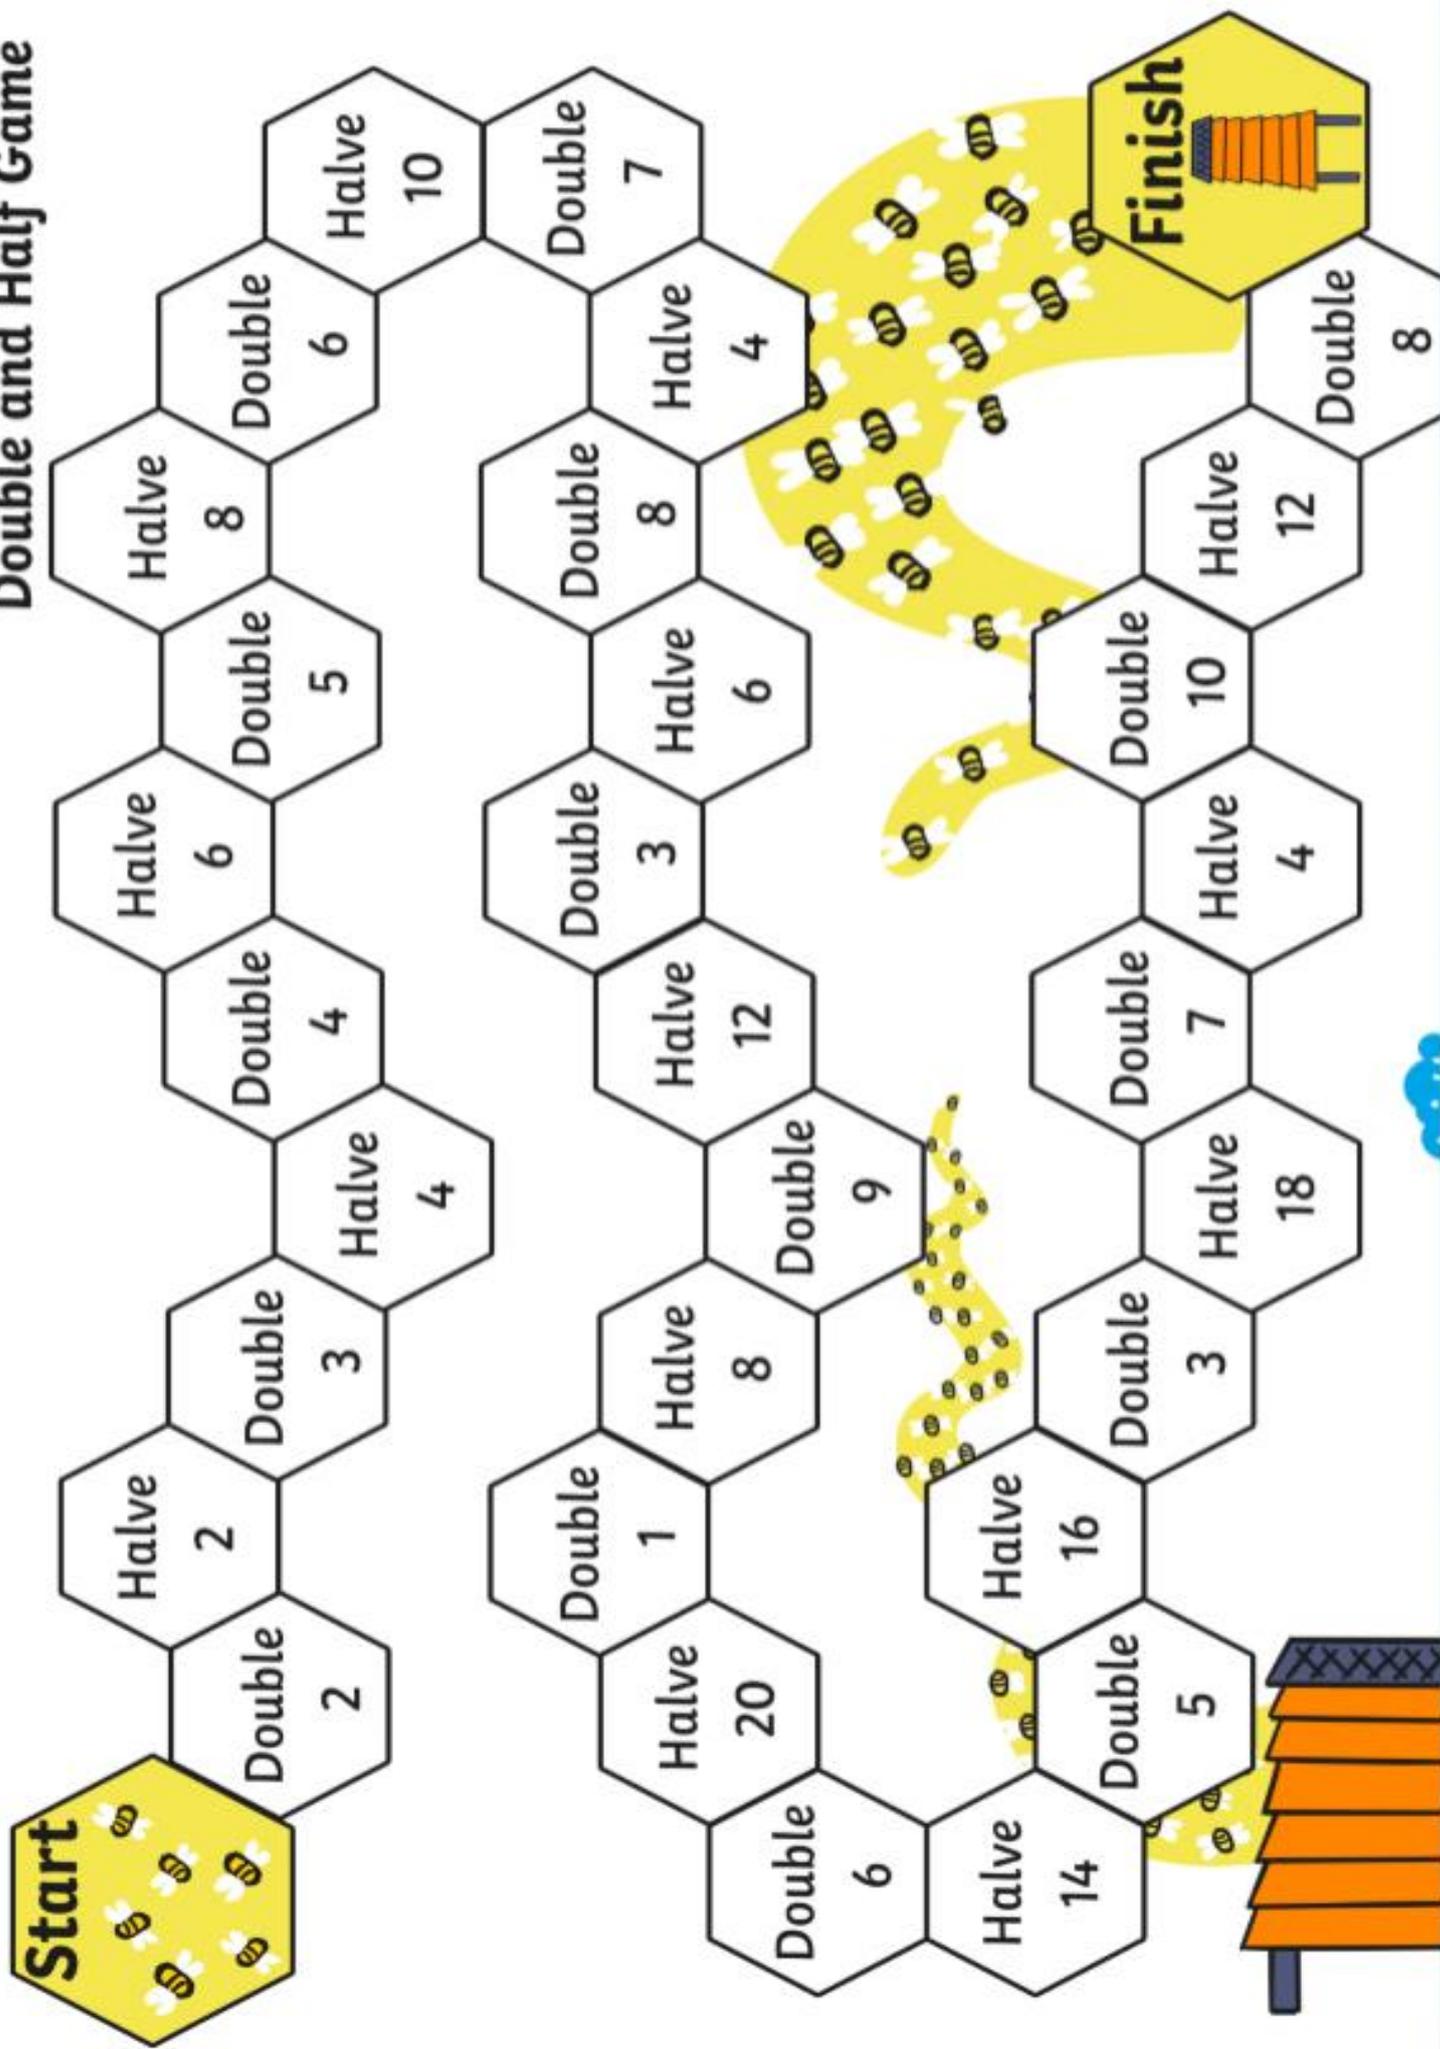

10

Double 10 is _____

Half of 10 is _____

Double and Half Game

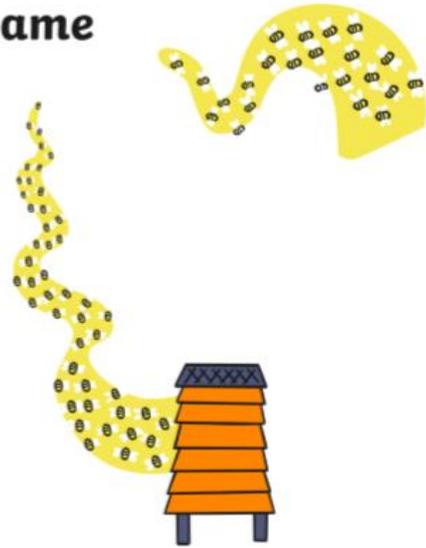

Instructions For Double And Half Game

Roll the dice.

Move that number of spaces.

Answer the question on that space.

If you answer the question correctly you can stay on the space, if you answer incorrectly you move back to where you came from.

Our Summer Nature Walk

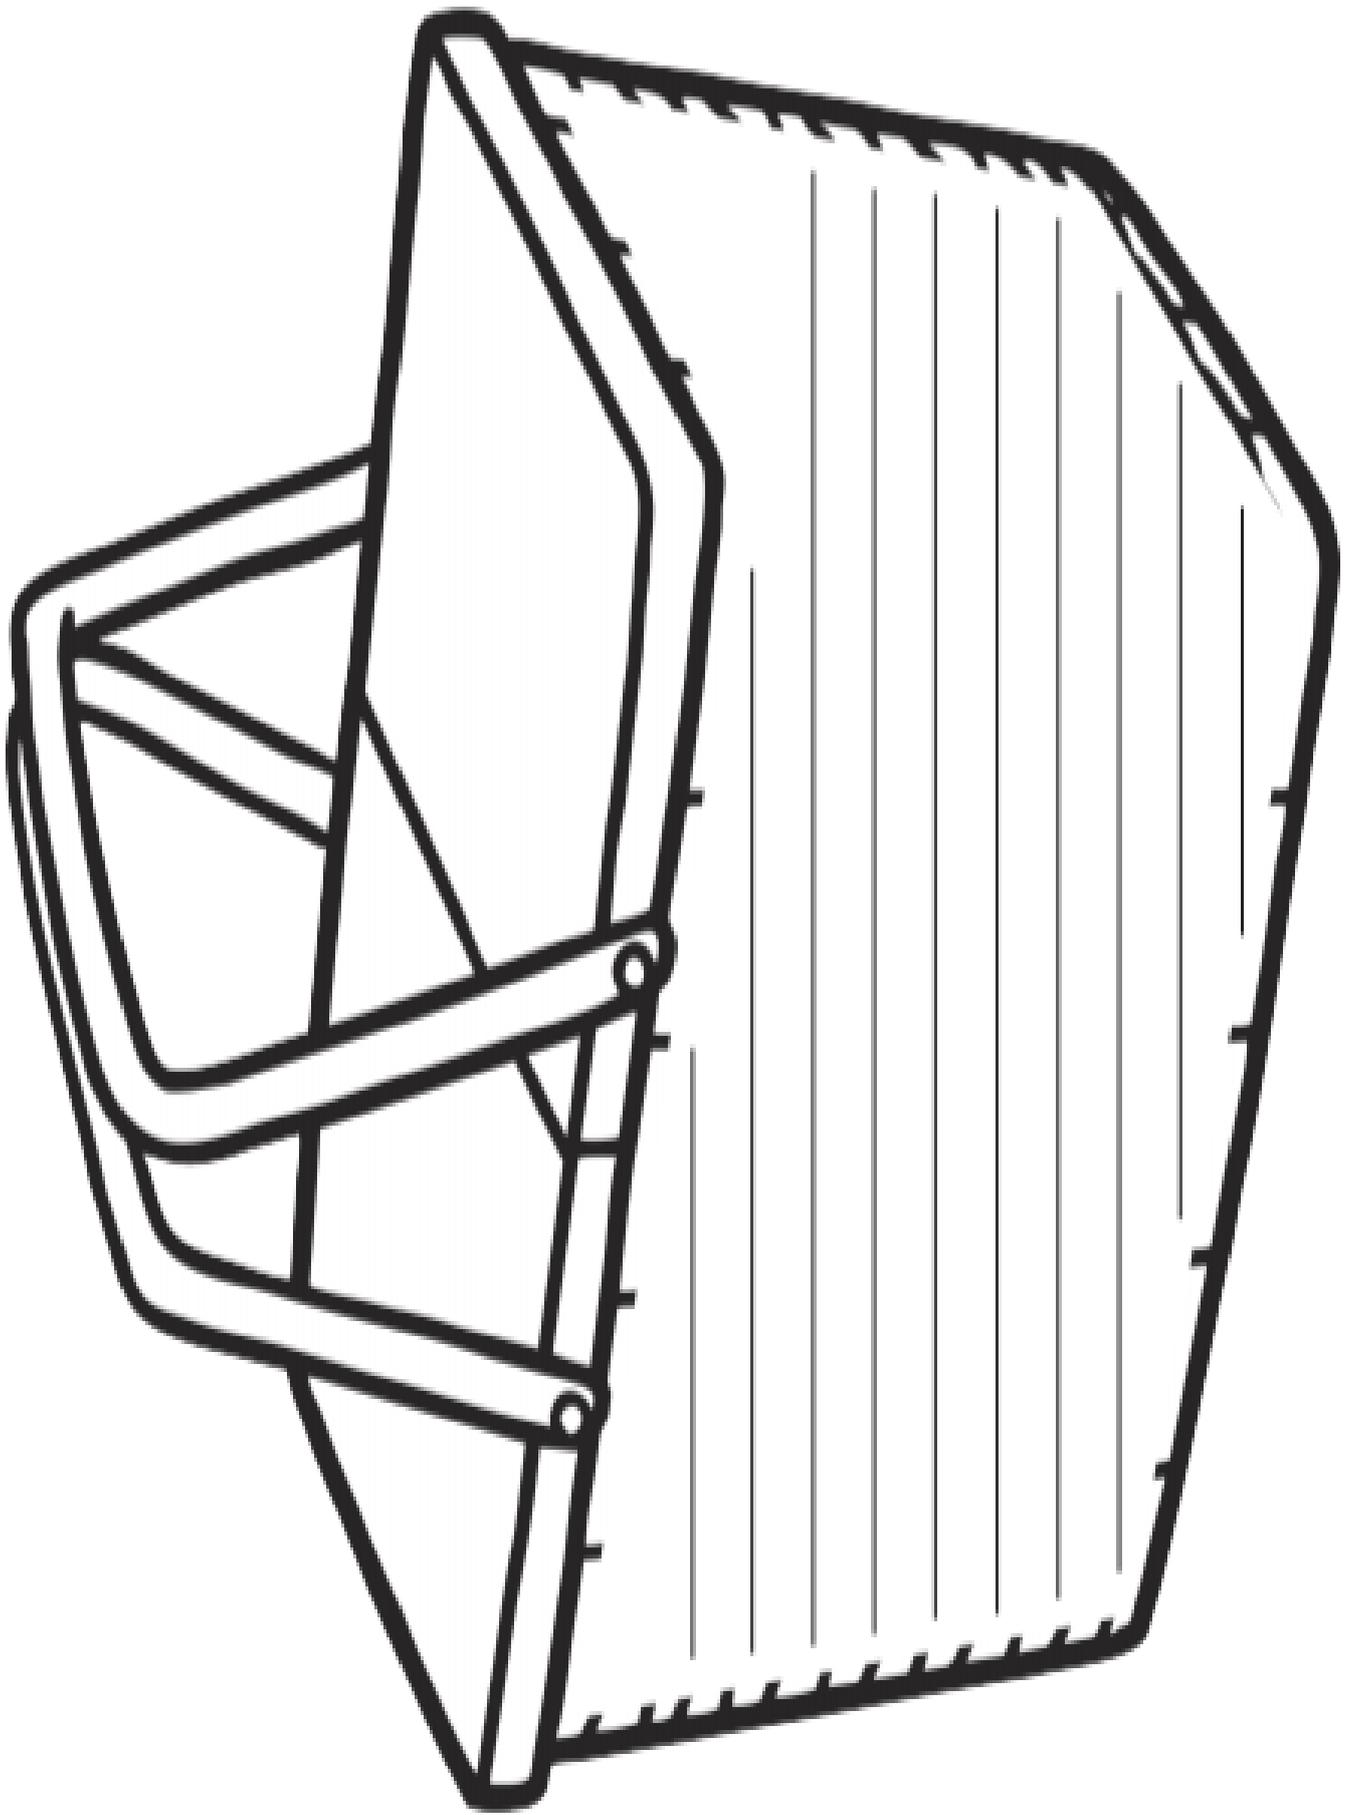

I smell...

I see...

I feel...

I hear...

How can _____ be a
good friend?
